Name

Marty Gustafson - DCS

Carolyn Kelley - EDU

Proposal Abstract/Summary:

Two named options for the OTD are being proposed to stay competitive with peer institutions who are shifting to offer the Entry-Level OTD as well as in response to the Accreditation Council of Occupational Therapy Education's (ACOTE) encouragement that entry-level education move to the Doctor of Occupational Therapy (OTD) degree. We currently have post-professional students enrolled in a three-year part-time, online curriculum and we train entry-level professionals through our MS-OT Program. The new curricula for two named options within the OTD degree will serve the curricular needs of two levels of Doctor of Occupational Therapy students, entry-level and post-professional. We anticipate the first class of entry-level professional doctoral students will matriculate into the program in summer 2021. The new curriculum for entry-level OTD education will incorporate elements of the current MS curriculum (required for admission to the post-professional OTD) and the current OTD curriculum. Curricular content will be expanded and revised as needed to meet the ACOTE accreditation standards and all Graduate School requirements for a doctoral degree. This named option is for the entry-level OTD option.

Type of Approval

Governance Approval Needed

If approved, what term should the proposed change be effective?

Select yes if this proposal is only to add, remove, or rearrange curricular requirements, and will change less than 50% of the curriculum.

Basic Information

Program State:

Type of Program:

Named Option

Parent Program:

MAJ: Occupational Therapy OTD

Upload the Approved Notice of Intent and UW System Approval Memo.

Upload completed draft of the full Board of Regents Authorization Proposal for this program.

Parent Audience:

Graduate or professional

Who is the audience?

Parent Home Department:

KINESIO

Home Department:

Parent School/College:

School of Education

School/College:

The program will be governed by the home department/academic unit as specified. Will an additional coordinating or oversight committee be established for the program?

No

Describe procedures under which the coordinating/oversight committee will operate, including how the committee chair is appointed, to whom the chair reports, how participating faculty and staff are identified, provisions for transitions in the committee, and processes for interaction with the home department.

Parent is in the Graduate School:

Yes

SIS Description (BS):

Transcript Title:

Occupational Therapy - Entry Level

Will this name change apply to all enrolled students in the same term (turn-key)?

Named Options:

Sub Plan 1060: No Title Found

Sub Plan 1124: No Title Found

Does the parent program offer this as an additional major as well?

No

Will this be offered as an additional major as well?

Explain the program's process for reviewing joint degree proposals from students.

Describe the reason for offering the program as an additional major. Include evidence of student interest and demand, how the additional major benefits the students' learning experience, and describe how the program has capacity in course offerings and advising to support the additional major.

Provide information on which degree/majors it will likely be combined with most frequently and provide evidence that such combinations will not extend student time to degree beyond the standard four academic years.

Briefly describe the process the student follows to get permissions to declare the additional major from the primary degree/major and the additional major offering unit.

Will a doctoral minor be required?

Explain the rationale for the decision.

Describe the alternate breadth training resources that will be made available to/required of students.

Is this a non-admitting master's degree?

Suspension and Discontinuation

What is the date by which you will submit a plan to resolve the suspended status, if approved?

What is the last term that a student could declare this program?

What is the last term that students may be enrolled in or complete the program?

What is the timeline and advance communication plan?

Explain the precipitating circumstances or rationale for the proposal.

What is the potential impact on enrolled students?

What is the potential impact on faculty and staff?

Explain and provide evidence of efforts made to confer with and to notify faculty and staff.

Explain and provide evidence of efforts made to confer with and to notify current students.

Explain and provide evidence of efforts made to confer with and to notify alumni and other stakeholders.

Teach-out plan - How will program quality be maintained during the suspended period or the teach-out period for discontinued programs?

Teach-out plan: A) For currently enrolled students, how will required courses, curricular elements, advising and other student services be provided?

Teach-out plan: B) For prospective students in the admissions pipeline, how are any commitments being met or needs to notify them that their program of interest will not be available?

Teach-out plan: C) For stopped out students, what provisions are made for their re-entry? What program(s) will they be re-entered into?

Teach-out plan: D) Provide any other information relevant to teach-out planning.

Roles by Responsibility: List one person for each role in the drop down list. Use the green + to create additional boxes.

2026

If this proposal is approved, describe the implementation plan and timeline.

April 2019 Letter of Intent submitted to ACOTE accrediting body

December 2019 Submission of New Program Proposal to begin campus governance approval process for two named options in the OTD

December 2019 Submit candidacy application to ACOTE

December 2019 Submit pre-accreditation review report to ACOTE

January 2020 Implementation of new entry-level professional named option

Spring 2020 Campus governance approval of Dual Named Options for OTD

Spring 2020 Marketing of new named options

Summer 2020 Begin admissions process for entry-level OTD

Summer 2021 Entry-level named option OTD class of 2024 matriculates

Rationale and Justifications

How does the named option relate to the major and to other named options in the major, if relevant?

Occupational therapy professional education programs nationwide are rapidly transitioning to a doctoral degree as the portal of entry into professional practice. Recognition of knowledge advancement and a push for evidence-based approaches to OT practice in the health, education and community settings, is driving the need for higher levels of education. The Doctor of Occupational Therapy degree was first established in December 2015, and was initially proposed to enable certified occupational therapists with masters degrees the option to pursue advanced education in inter-professional leadership, advocacy, evidence-based practice and specialized areas of knowledge. In designing the 'post-professional' OTD degree, the faculty anticipated the transition of the entry-level masters degree to doctoral level and designed the curriculum to enable the addition of a second named option for professional education leading to certification as an occupational therapist which would incorporate elements of the current masters degree and the post-professional OTD degree. The post-professional OTD named option (proposed separately) will be retained for the foreseeable future and continue to enroll masters trained therapists the opportunity to earn the advanced degree.

Why is the program being proposed? What is its purpose?

The program is being proposed in response to the recommendation from the Accreditation Council of Occupational Therapy to transition all entry-level professional programs to the doctoral degree. A current motion supporting a single point of entry for occupational therapists at the doctoral level is coming before the Representative Assembly of the American Occupational Therapy Association. The OTD degree at UW-Madison was established in December 2015 to meet the needs of practicing therapists seeking advanced education. The purpose of the new named option will be to add distinct curricular elements for entry-level professional students who desire to become occupational therapists. The learning goals for the degree will remain unchanged but the core courses for the entry-level students will include the fundamentals of occupational therapy as well as many of the advanced course content currently in the post-professional curriculum.

How is the certificate program designed to complement the degree/major of participating students?

What is its relation to the institution's mission? (Consider the mission broadly as a major research university with missions in teaching, research, service, and the Wisconsin Idea.) How does it contribute to the mission of the sponsoring unit(s)?

Do current students need or want the program? Provide evidence.

We have had a robust pool of qualified applicants (between 200-400) for our 25 entry-level MSOT program slots for the past 10 years. Our most recent application cycle in 2018 had 352 qualified applicants. We have had no difficulty filling our program spots, but we have lost some of the best candidates because they choose to go to programs that offer the Entry Level -Doctor of Occupational Therapy. Peer institutions which are research heavy occupational therapy programs such as Ohio State University, Washington University, New York University, Columbia, University of Southern California, Boston University, all offer the entry level OTD currently. Many other programs are in candidacy for this transition to EL-OTD as we are. ACOTE reports that as of 2019, the majority of accredited and developing OT programs in the United States are OTD programs(156) with 46 currently in transition to the doctorate level for a total count of 202. As a top ranked Occupational Therapy program, students look to us to provide the best and most rigorous training available so that they can go on to be leaders in the field.

What is the market, workforce, and industry need for this program? Provide evidence.

Occupational Therapy continues to be one of the fastest growing professions according to the Bureau of Labor Statistics. The job outlook for 2018-2028 is 18% which is much faster than average.

A recent study comparing entry level MSOT graduates of the same institution found that entry-level OTD students are:

1. Significantly more likely to be educators
2. Significantly more likely to use evidence-based practice
3. Significantly more likely to hold a leadership position in volunteer organizations
4. Significantly more likely to own their own business
5. Significantly more likely to be active in AOTA Special Interest Sections and coauthor an official document, statement, or position paper
6. Significantly more likely to engage in scholarly research
7. More likely to be a minority [Please note there is a misprint in the article for the percentages. The raw numbers indicate that the percentage of respondents in the OTD group who identified as a minority (14 of 62 = 23%) was more than double than the number in the MSOT group (16 of 146 = 11%).]
8. Significantly more likely to be involved in professional activities or receive professional recognitions (grants, awards, publications, presentations)
9. While there was no statistical difference in salary due to high variance, the highest salaries were paid to OTD graduates.

[article=1091&context=jote&fbclid=IwAR02VTdEcpgELH6CuB6AicZ0QfsAJBfPBjIXkLQWwbhZKNSbSLSPLfX36g0](https://encompass.eku.edu/cgi/viewcontent.cgi?article=1091&context=jote&fbclid=IwAR02VTdEcpgELH6CuB6AicZ0QfsAJBfPBjIXkLQWwbhZKNSbSLSPLfX36g0)

How does the program represent emerging knowledge, or new directions in professions and disciplines?

In what ways will the program prepare students through diverse elements in the curriculum for an integrated and multicultural society (may include diversity issues in the curriculum or other approaches)?

What gap in the program array is it intended to fill?

Entry-Level OTD students will receive the additional training to function as leaders in volunteer organizations, as heads of therapy departments, as educators, and as innovators as well as to enter into translational research collaboration. The push within the profession is to move to a single point of entry because dual points of entry without differential licensure or differential credentialing limits our scope of practice to the common training requirements which are at the master's level. We are unable to advocate for OTs role in the current and future healthcare marketplace by promoting our doctoral level standards as long as master's level standards exist.

What is the rationale for this change?

What evidence do you have that these changes will have the desired impact?

What is the potential impact of the proposed change(s) on enrolled students?

What is the potential impact of the proposed change(s) on faculty and staff?

Faculty and Staff Resources

List the core program faculty and staff with title and departmental affiliation(s) who are primarily involved and will participate in the delivery and oversight.

Name (Last, First)	Department	Title
Gartland, Sharon G	Kinesiology (KINESIO)	Clinical Professor
Farrar-Edwards, Dorothy	Kinesiology (KINESIO)	Professor
Ausderau, Karla	Kinesiology (KINESIO)	Assistant Professor
Larson, Elizabeth	Kinesiology (KINESIO)	Associate Professor
Fields, Beth E	Kinesiology (KINESIO)	Assistant Professor
Pickett, Kristen A	Kinesiology (KINESIO)	Assistant Professor
Travers, Brittany G	Kinesiology (KINESIO)	Assistant Professor
Brown, Joshua	Kinesiology (KINESIO)	Clinical Assistant Professor
Rebne, Alexia A	Kinesiology (KINESIO)	Admissions Coordinator
Zurawski, Sarah A	Kinesiology (KINESIO)	Lecturer
Pultorak, Sarah Delany	Kinesiology (KINESIO)	Lecturer

What resources are available to support faculty, staff, labs, equipment, etc. ?

The OTD program will utilize the faculty space, teaching labs, classrooms, equipment, and support systems provided by the Department of Kinesiology that were previously used by the MSOT program.

Program advisor(s) with title and departmental affiliation(s).

Name (Last, First)	Department	Title
Ausderau, Karla	Kinesiology (KINESIO)	Assistant Professor
Farrar-Edwards, Dorothy	Kinesiology (KINESIO)	Professor
Fields, Beth E	Kinesiology (KINESIO)	Assistant Professor
Gartland, Sharon G	Kinesiology (KINESIO)	Clinical Professor
Larson, Elizabeth	Kinesiology (KINESIO)	Associate Professor
Pickett, Kristen A	Kinesiology (KINESIO)	Assistant Professor
Travers, Brittany G	Kinesiology (KINESIO)	Assistant Professor

How will the resource load for the additional advising be met?

Describe how student services and advising will be supported.

The program director and program faculty will engage students in advising. The 36-month program provides a clear curriculum plan for students to complete the 97 credits.

Describe the advising and mentoring practices that will be used in this program, including how annual assessment of student progress will be communicated.

Confirm that the program advisor(s) or coordinator(s) have been consulted and reviewed this proposal.

Yes

Select the Graduate Research Scholars Community for this program.

Resources, Budget, and Finance

Is this a revenue program?

Yes

What is the tuition structure for this program?

Market-based tuition - separate proposal to be submitted

Select a tuition increment:

\$800/credit

What is the rationale for selecting this tuition increment?

We are working toward the balance between creating an option that is affordable and will enable students from diverse backgrounds to enroll while maintaining a viable Program budget to ensure quality of education.

Will segregated fees be charged?

If segregated fees will not be charged, please explain.

Upload the proposal for market based tuition:

November 26 OTD 131 Budget.pdf

Provide a summary business plan.

The Entry-level OTD Program named Option will have a tuition rate of \$800/credit for a total of 97 credits per student. We project a long-term (steady-state enrollment of 32, ramping up over the first year or two. Revenue projections of \$ 2.1 million a year once those enrollment targets are met. The costs for this program are primarily for 1. instructional staff (includes faculty and academic staff) 2. Field work coordinator (full time) 3. Hiring of Capstone Coordinator 4. administrative support of marketing, advising and instructing, including fieldwork and capstone experience, 5. three teaching assistantships 6. teaching materials and lab supplies. All teaching for this new named option will be funded through 131 funds. Research Faculty will be paid for their EL-OTD teaching through 131 funds but will otherwise be funded as previously through 101 funds. All surplus revenue will initially be used to support student scholarships.

We have selected \$ 800/credit based on market analysis of peer institutions and expected program costs and revenue. We desire to continue to provide value to Wisconsin residents and regional students.

The Kinesiology Department Chair Gary Diffie, Administrator Greg Dierks, along with Jeannine Nicolai-Heckmann will manage funds and support budget planning and projections in conjunction with the Occupational Therapy Program Director Sharon Gartland. We will monitor admission and retention, and align future projections of student enrollment based on those.

Provide an overview of plans for funding the program including but not limited to program administration, instructional/curricular delivery, technology needs and program assessment.

The program will be funded by tuition dollars. See attached budget spread sheet.

What is the marketing plan?

We have a successful marketing and recruiting plan already for our existing entry level MSOT program. Our entry level OTD will draw from similar locations. We have traditionally had over 325 applicants for our 25 available slots so we are anticipating similar numbers for our new program. We have a number of materials (brochures, website, table materials, posters) that will be updated to highlight the new named option. Our Admissions Coordinator Alexia Rebne has worked closely with undergraduate advisors as well as the Pre-OT club to market the OT Program and attend a number of career fairs within and outside of the University. We also offer an undergraduate on-line and face to face course (Occ Ther 100) which is Introduction to Occupational Therapy for 1 credit. This course regular has 25-30 students enrolled each semester. Additionally, our Admissions Coordinator annually visits other Wisconsin schools such as UW-Whitewater, UW-LaCrosse, UW-Eau-Claire to encourage interest in our program. We have a DiversOT club which involves intentional outreach to students from under-represented groups to consider Occupational Therapy as a career. We have also worked with our Alumni and our community partners to recruit students and will continue to do so in the future. Our marketing plan will also

include a Google ad words purchase that will cause UW-Madison's program in Occupational therapy to come up when someone searches for OTD.

Describe resource and fiscal considerations - A. Provide an overview of plans for funding the program including program administration, instructional/curricular delivery, academic and career advising, technology needs, marketing (if relevant), financial aid and scholarships (if relevant), capacity for student learning outcomes assessment and program review.

Describe resource and fiscal considerations - B. Are the faculty, instructional staff and key personnel existing or new faculty and staff? If they already serve existing programs, how are they able to add this workload? If new faculty and staff will be added, how will they be funded?

Describe resource and fiscal considerations - C. What impacts will the program have on staffing needs beyond the immediate program? How are those needs being met?

Describe resource and fiscal considerations - D. For graduate programs, describe plans for funding students including but not limited to funding sources and how funding decisions will be made.

UW System Administration and the Board of Regents require submission of budget information in a specific format. These forms will be completed in collaboration with APIR after school/college approval and before submission to UWSA for Board consideration. These forms are uploaded here by APIR.

Given considerations associated with the proposed change, describe the academic unit's fiscal capacity to support the instructional and curricular requirements, academic and career advising, student support services, technology needs, and relevant assessment of student learning and program review requirements. Is there sufficient capacity in the curricular and academic support services to meet the additional workload? For research graduate programs, include information on how the program will be administered and how student funding will be handled. For undergraduate programs, include information on academic advising, career advising, student support services.

Does the program or change require substantial new resources other than those just described? Describe the needs. Confirm that the dean is committed to providing the resources.

No - we have anticipated the resources needed within the provided budget.

Are new Library resources needed to support this program?

No

Provide a summary of the requirements.

Memo from the Libraries confirming that the needs can be addressed.

Describe plans for funding students including but not limited to funding sources and how funding decisions are made.

Students will be expected to pay their own tuition. 10% of the budget is allotted to scholarships or waivers for under-represented students or exceptionally strong students. There will also be some teaching assistant options available for students (3 have been budgeted). We intend to increase scholarship funds to support students with any revenue that is generated beyond expenses (first priority). We will also work with alumni and other donors to explore more funding options for students.

Will you be seeking federal financial aid eligibility for this Capstone program?

Capstone program students are eligible for federal financial aid (usually loans) if the participate in Gainful Employment (GE) requirements, that is, the prepare students for employment in a recognized occupation. For information about gainful employment requirements see: <https://studentaid.ed.gov/sa/about/data-center/school/ge>

Identify the SOC codes most closely associated with the occupational preparation the Capstone provides.

What program-specific financial aid, if any, is available for this program?

What is time period that this program is designed to be completed in by the typical student?

Gainful Employment requirements come with the need to track employment of graduates and provide additional reports – does the program have the capacity to complete these requirements?

Curriculum and Requirements

If you are proposing a change to the curriculum, what percentage of the curriculum is changing?

Provide an explanation of the reasons for such a substantial curricular change, the potential impact on students, availability of courses, and plan for transition.

Which students are eligible for the certificate?

List the specific schools and colleges.

Provide justification for the limits.

Is this certificate available to University Special (non-degree seeking students)?

Which University Special students are eligible for the certificate?

Describe certificate program procedures to advise students who do not complete the certificate to notify the program advisor if they re-enroll as a University Special student to complete the certificate.

Describe certificate program procedures to notify Adult Career and Special Student Services (ACSSS) of those University Special students who are formerly unaffiliated with the program who intend to complete a certificate.

Describe certificate program procedures to report to the Registrar's Office when a University Special student has completed the certificate and supply a list of courses that student used to fulfill certificate requirements. (Note that SIS eDeclaration and DARS are not available for University Special students.)

Parent Plan Admissions/How To Get In Requirements

Students apply to the Occupational Therapy Doctorate through one of the named options:

- Post-Professional
- Entry-Level

Guide Admissions/How to Get In tab

Please consult the table below for key information about this degree program's admissions requirements. The program may have more detailed admissions requirements, which can be found below the table or on the program's website.

Graduate admissions is a two-step process between academic programs and the Graduate School. **Applicants must meet** the minimum requirements (<https://grad.wisc.edu/apply/requirements/>) **of the Graduate School as well as the program(s)**. Once you have researched the graduate program(s) you are interested in, apply online (<https://grad.wisc.edu/apply/>).

Requirements	Detail
Fall Deadline	The program does not admit in the fall.
Spring Deadline	The program does not admit in the spring.
Summer Deadline	January 15
GRE (Graduate Record Examinations)	Required.
English Proficiency Test	Every applicant whose native language is not English or whose undergraduate instruction was not in English must provide an English proficiency test score and meet the Graduate School minimum requirements (https://grad.wisc.edu/apply/requirements/#english-proficiency).

Other Test(s) (e.g., GMAT, MCAT) n/a

Letters of Recommendation Required 3

Admission to the entry-level professional program in occupational therapy requires:

- Bachelor's degree (or equivalent) from a regionally accredited school of higher education by the start of the program
- Transcripts from each college, university, or technical college attended showing work completed and in progress
- Documentation of paid or volunteer experience in at least two different settings serving persons across the lifespan with physical, behavioral or mental health disabilities
- Direct observation of Registered Occupational Therapists, or Certified Occupational Therapy Assistants, providing services is highly recommended
- Personal statement responding to prompts provided on the graduate application
- At least a 'C' or better in the following prerequisite courses or their equivalent:
 - Lifespan Development (6 credits)
 - Abnormal Psychology (3 credits)
 - Statistics (3 credits)
 - Human Physiology (3-5 credits WITH LAB)
 - Human Anatomy (3-5 credits)
 - Human Anatomy Lab (1-3 credits)

Describe plans for recruiting students to this program.

Our current entry-level professional program has consistently had over 325 applications for 26 placements for the past 5 years and we anticipate that this trend will continue based on labor projections. Students are recruited through our program website, advising sessions, marketing strategies and outreach to prospective students.

What is the recruiting and admissions strategy for underrepresented students?

Will students be declared in an intended major while completing the admission requirements?

Describe how the students will be advised and the transition to other degree granting program if they are not admitted.

Projected Annual Enrollment:

Year	Projected Enrollment
Year 1	24
Year 2	52
Year 3	84
Year 4	94

Maximum enrollment that can be supported with existing instructional and student services resources:

32

Describe plans for supporting enrollments that are much higher or much lower than the anticipated enrollment.

Are international students permitted to enroll in this program?

Those who are not familiar with using the html editor fields may upload a document with information about the curriculum for use by those who will format and edit the content that will appear in the Guide.

EL-OTD curriculum Final.docx

Select the school or college degree requirements that will be used.

Will this program have Honors in the Major?

Minimum Graduate School Requirements

Review the Graduate School minimum academic progress and degree requirements (<http://guide.wisc.edu/graduate/#policiesandrequirements>), in addition to the program requirements listed below.

Major Requirements

MODE OF INSTRUCTION

Face to Face	Evening/Weekend	Online	Hybrid	Accelerated
No	No	Yes	No	No

Mode of Instruction Definitions

Evening/Weekend: These programs are offered in an evening and/or weekend format to accommodate working schedules. Enjoy the advantages of on-campus courses and personal connections, while keeping your day job. For more information about the meeting schedule of a specific program, contact the program.

Online: These programs are offered primarily online. Many available online programs can be completed almost entirely online with all online programs offering at least 50 percent or more of the program work online. Some online programs have an on-campus component that is often designed to accommodate working schedules. Take advantage of the convenience of online learning while participating in a rich, interactive learning environment. For more information about the online nature of a specific program, contact the program.

Hybrid: These programs have innovative curricula that combine on-campus and online formats. Most hybrid programs are completed on-campus with a partial or completely online semester. For more information about the hybrid schedule of a specific program, contact the program.

Accelerated: These on-campus programs are offered in an accelerated format that allows you to complete your program in a condensed time-frame. Enjoy the advantages of on-campus courses with minimal disruption to your career. For more information about the accelerated nature of a specific program, contact the program.

CURRICULAR REQUIREMENTS

Requirements	Detail

CURRICULAR REQUIREMENTS

Requirements	Detail
Minimum Credit Requirement	97 credits
Minimum Residence Credit Requirement	97 credits
Minimum Graduate Coursework Requirement	Half of degree coursework (49 credits out of 97 total credits) must be completed graduate-level coursework; courses with the Graduate Level Coursework attribute are identified and searchable in the university's Course Guide (http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle (http://my.wisc.edu/CourseGuideRedirect/BrowseByTitle/)).
Overall Graduate GPA Requirement	3.00 GPA required.
Other Grade Requirements	The Graduate School requires students maintain a graduate grade point average (GPA) of 3.00 (on a 4.00 scale) for courses numbered 300 and above (excluding research) to receive a degree. Conditions for probationary status may require higher grades. Grades of Incomplete are considered to be unsatisfactory if they are not removed during the next enrolled semester.
Assessments and Examinations	Curricular requirements (all didactic courses) must be passed, in conformity with GPA and grad requirements, above. Capstone project proposal and final product must be reviewed and approved by a committee of graduate faculty per Graduate School policy.
Language Requirements	No language requirements.
Doctoral Minor/Breadth Requirements	Breadth is provided via interdisciplinary training (minor requirement waived).

Required Courses

The Entry Level OTD has a prescribed curriculum of 97 credits total.

Course List

Summer 1 (9 credits)

- ANAT 622 Human Anatomy (6 credits)
- OT 650 - Introduction to Enabling Occupations (2 credits)
- OT 731 – Living Well as a Graduate Student (1 credit) (online)

Fall 1 (15 credits)

- OT640 – Functional Neuroanatomy (3 credits)
- OT 710 – Professional and Leadership Skills 1: Professional Identity as an OT (2 credits)
- OT 771 – Evidence Based Practice I (3 credits)
- OT 770 – Research Lab Practicum (2 credits)
- OT 651 – Clinical Conditions I (1 credit) (Online)
- OT 722 – Enabling Occupations 1: Adults and Adolescents (4 credits)

Spring 1 (14 credits)

- OT 711 – Professional and Leadership Skills 2: Communication Across Contexts (2 credits)
- OT 723 – Enabling Occupations 2: Adults and Adolescents (4 credits)
- OT772 – Evidence Based Practice II (3 credits)
- OT 770 – Research lab Practicum (2 credits)
- OT 732 – Living Well: Self and Others (2 credits) (online)
- OT 625 – Level 1 FW (Adults) (1 credit)

Summer 2 (10 credits)

- OT 724 – Enabling Occupations 3: Mental Health Focus (3 credits)
- OT 733 – Promoting Health and Wellness for Populations (2 credits) (online)
- OT 814 – Communicating OT to Interprofessional Audiences (3 credits) (online)
- OT 626 - Level 1 FW (Community/Mental Health) (1 credit)
- OT 652 – Clinical Conditions II – (1 credit) (online)

Fall 2 (15 credits)

- OT 725 – Enabling Occupations 4: Pediatric Focus (5 credits)
- OT 627 – Level 1 FW (Peds) (1 credit),
- OT773 – Evidence Based Practice III (3 credits)
- OT 770 – Research lab Practicum (2 credit)
- OT 811 – Applied Leadership (3 credits) (online)
- OT821– Synthesis I (1 credit) (8 week course online)

Spring 2 (7 credits + 2 optional elective credits)

- OT662 – Level II FW 1 (6 credits),
- OT 880 – Intro to Capstone (1) (online)
- optional electives (1-2 credits) online

Summer 3: (9 credits)

- OT 664 – Level II FW 2 (6 credits)
- OT 812 – Trends Influencing OT Practice (3 credits) (online)

Fall 3 (9 credits)

- OT 712 – Professional and Leadership Skills 3: Business and Management Skills for OT's (2 credits)
- Kines 785 – Occupation and Health (2 credits) (online),
- OT822 - Synthesis II (2 credits) (online)
- OT 884 – Capstone Proposal (3 credits) (online)

Spring 3 (9 credits)

- OT 885 – Capstone Experience (6 credits)
- OT 882 – Capstone Project (3 credits) (online)

Total credits required:

97

Semesters to completion:

Parent Plan Graduate Policies

Graduate School Policies

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

Major-Specific Policies

Graduate Program Handbook

The Graduate Program Handbook (https://merit-www.education.wisc.edu/kinesiology/wp-content/uploads/sites/12/2018/01/2018-2019-Handbook-Draft_Updated-1_26_2018.pdf) is the repository for all of the program's policies and requirements.

Guide Graduate Policies tab

Graduate School Policies

The Graduate School's Academic Policies and Procedures (<https://grad.wisc.edu/acadpolicy/>) provide essential information regarding general university policies. Program authority to set degree policies beyond the minimum required by the Graduate School lies with the degree program faculty. Policies set by the academic degree program can be found below.

Named option-specific policies

Graduate Program Handbook

A Graduate Program Handbook containing all of the program's policies and requirements is forthcoming from the program.

Prior Coursework

Graduate Work from Other Institutions

With program approval, students are allowed to count up to 30 credits of graduate coursework from other institutions. Coursework should be less than five years old to be considered; additional justification and/or documentation are needed for work taken between five and ten years. Work more than ten years old will not be considered.

UW–Madison Undergraduate

No undergraduate coursework will be allowed to count toward OTD requirements.

UW–Madison University Special

With program approval and payment of the difference in tuition (between University Special and Graduate tuition), students are allowed to count no more than 9 credits of coursework numbered 300 or above taken as a UW–Madison University Special student. These credits are considered part of the total allowable credits available for a student to transfer. Coursework should be less than five years old to be considered; additional justification and/or documentation is needed for work taken between five and ten years. Work more than ten years old will not be considered.

Probation

The Graduate School regularly reviews the record of any student who earned grades of BC, C, D, F, or Incomplete in a graduate course (300 or above), or grade of U in research credits. This review could result in academic probation with a hold on future enrollment or in being suspended from the Graduate School. See Probation (<http://grad.wisc.edu/acadpolicy/#probation>) on the Graduate School website.

ADVISOR / COMMITTEE

Every graduate student is required to have an advisor to meet UW information management needs, and accordingly, and of its own volition, the department assigns an advisor to each student. The advisor is a graduate or clinical faculty member.

To ensure that students are making satisfactory progress toward a degree, the Graduate School expects them to meet with their advisor on a regular basis. The OTD Program Coordinator will advise students in the early stages of their studies until a permanent advisor is assigned. The advisor may also serve on the student's capstone project committee.

CREDITS PER TERM ALLOWED

15 credits

Time Constraints

Doctoral degree students who have been absent for five or more consecutive years lose all credits that they have earned before their absence. Individual programs may count the coursework students completed prior to their absence for meeting program requirements; that coursework may not count toward Graduate School credit requirements.

Parent Guide Four Year Plan tab

Guide Four Year Plan tab

Discuss expected progress to degree and time to degree. For undergraduate programs discuss considerations for supporting students to complete the degree in four academic years.

Students are expected to complete the degree within 9 semesters or three full years (including summers)

Provide detail on how breadth will be achieved.

Describe part-time format (<8 credits fall and spring semesters < 4 credits summer term) here.

Describe full-time, time-compressed, intensive format here.

Describe other format here.

Program Learning Outcomes and Assessment

Parent Program Learning Outcomes

(Foundational Knowledge) Demonstrate in-depth knowledge of the evolution of the profession, the social and global forces influencing practice, delivery models, policies, and systems, including interprofessional and emerging areas of practice.

(Foundational Knowledge) Articulate and apply underlying occupation-based theories, concepts and techniques of occupational therapy intervention for a variety of contexts, including health promotion and well-being for the prevention of disease and dysfunction.

(Scientific Inquiry and Theory Development) Articulate the knowledge, roles and practices of occupational therapy as well as other professions with whom occupational therapists typically engage in practice.

(Scientific Inquiry and Theory Development) Formulate systems to gather, analyze and interpret data from a practice setting.

(Scientific Inquiry and Theory Development) Translate evidence into best practice for the continued development of the profession.

(Scientific Inquiry and Theory Development) Develop and implement a scholarly capstone project that addresses an identified service system, intervention or programmatic problem, relates theory to practice and demonstrates synthesis of advanced knowledge in a practice area.

(Scientific Inquiry and Theory Development) Evaluate the outcomes of the capstone project and communicate findings to an audience of stakeholders in a clear, understandable manner through a peer-reviewed report or presentation.

(Practice Reasoning and Decision Making) Empirically monitor client progress and treatment efficacy in practice.

(Practice Reasoning and Decision Making) Identify and apply appropriate tools for measuring practice outcomes at the individual and systems level.

(Practice Reasoning and Decision Making) Synthesize current knowledge, available evidence and responses to interventions to inform new approaches to practice problems including wellness and prevention.

(Practice Reasoning and Decision Making) Demonstrate the skills necessary to lead and manage an interprofessional team.

(Professional Conduct) Demonstrate commitment to professional growth through the creation, implementation and monitoring of a career development plan.

(Professional Conduct) Demonstrate active involvement in professional development, leadership, and advocacy for the benefit of constituents and the profession.

(Professional Conduct) Identify and know how to access funding mechanisms for reimbursement of services, translational research, and innovative practice.

List the program learning outcomes.

Summarize the assessment plan.

Learning Outcomes will be assessed through both direct and indirect assessment methods. A primary outcome will be the completion and presenting of a culminating Capstone Project. Other assessments include course evaluations, graded assignments, annual student focus groups, exit survey, 1 year and 5 year alumni survey and employer survey.

Approved Assessment Plan:

Related Programs

List majors and certificates that may not be earned in combination with this program.

List majors that are anticipated to frequently be completed in combination with the proposed program. For each, describe how the proposed program can be completed in combination with the major without increasing time to degree.

Provide information in related programs offered by other UW System institutions and explain the extent to which the proposed program is distinct and how it overlaps or duplicates those programs.

Commitments

All required courses are approved through the school/college level.

Courses are offered on a regular basis to allow timely completion.

Yes

Courses have enrollment capacity.

Yes

Courses in the curriculum are numbered 300 or higher.

Courses in the curriculum are numbered 699 or lower.

Courses in which a student elects the pass/fail option will not count toward completion of requirements.

Special topics courses are only used if all topics count for the certificate.

All requirements must be met; exceptions that amount to waiving requirements are not permitted.

Course substitutions to the curriculum should be kept to a minimum; if substitutions are being made on a regular basis, the curriculum should be re-examined. When course substitutions are made, the substituted course should be formally added to the curriculum through governance for inclusion in the curriculum the following academic year.

Substitutions are not permitted for any course unless the substitution would be provided for every student with the same substitution request.

When the proposed certificate is made available to University Special students it is only available to those who have earned a baccalaureate degree.

Certificate program faculty and staff understand that Adult Career and Special Student Services (ACSSS) in the Division of Continuing Studies will serve as the advising, admissions, and academic dean's office for all University Special students.

Certificate program faculty and staff will work with ACSSS to monitor and advise University Special students seeking a certificate.

Certificate courses have the enrollment capacity to accommodate University Special students. Certificate program faculty and staff understand that University Special students completing the certificate will not have enrollment priority over degree-seeking undergraduate students nor University Special students enrolled in capstone certificate programs.

If completing the certificate as a University Special student, at least 12 credits towards the certificate must be earned in residence at UW-Madison, either while enrolled as a University Special student or from coursework earned while enrolled as an undergraduate at UW-Madison. (Note this is a higher residency requirement than is used for degree-seeking students.)

All of the Capstone certificate credits must be earned "in residence" (which includes on campus and distance-delivered courses) at UW-Madison while enrolled in the Capstone certificate program. Because a Capstone certificate is comprised of just a few courses, it is not appropriate for students who already have completed the same or similar coursework at UW-Madison or another institution.

At least half of the credits must be earned in residence (UW-Madison on campus, study abroad, or distance courses); exceptions to the minimum residency requirement are not permitted.

Students must earn a minimum 2.000 GPA on required certificate coursework. Completed courses listed within the certificate curriculum, whether or not they meet a specific requirement, are included in the calculation of the GPA.

Students must earn a minimum 3.000 GPA on required certificate coursework. Completed courses listed within the certificate curriculum, whether or not they meet a specific requirement, are included in the calculation of the GPA.

Students must earn a minimum grade of C on all attempted Capstone certificate coursework.

The program faculty/staff will ensure the program is encoded into DARS and will work with the Registrar's Office DARS liaison to keep approved revisions to the curriculum current.

All students will be declared into the appropriate plan code in SIS via either an admission process or e-declaration. If the student does not have the plan code on their student record in SIS the student is not considered to be in the program.

Students may complete only 1 named option within a plan code.

Yes

The program faculty/staff will ensure the program website, Advance Your Career materials if applicable, and other presentations are consistent with the Guide information for this program.

Yes

Certificate requires no more than half of the credits required for a major in a related field.

Credential will not be awarded retroactively to students who completed all of the requirements before the credential was approved.

Yes

Degree#seeking students may not be concurrently enrolled in a Capstone certificate program.

Students enrolled in Capstone certificate programs are NOT eligible for teaching assistant (TA), research assistant (RA), project assistant (PA) nor graduate fellowship support. Programs must disclose this program policy to Capstone certificate students in the recommendation of admission letter, program website, program handbook, and program orientation.

To be eligible for admission to a Capstone program, a student must hold an earned bachelor's degree or equivalent credential from an accredited college or university.

Supporting Information

List name and department of those who are in support of this proposal.

Name (Last, First)	Date of contact/ support letter received	School,College, or Department	Comment by contact person	On behalf of
Litovsky, Ruth Y	11/7/2019	Communication Sci & Disorders (COM SCI DIS)		Speech Language Pathology
Steinkamp, Lisa A	11/11/2019	School of Med & Pub Hlth ACAF (SMPH ACAF)		Physical Therapy
Winterstein, Andrew P	11/19/2019	Kinesiology (KINESIO)		Athletic Training

If those supporting the proposal provided a letter or email of support upload here. A letter is NOT required. Upload any other explanatory information about support from other UW-Madison units.
